PARTNER PROGRAM

Add video to what your clients *already buy from you.*

AOOI is an AI video ad studio founded in 2023: a US-based team of ten with production support in China. Every film is AI-assisted, then directed, checked and finished by people. Your clients already trust you with their listings, stores and photos. Offer them video too: introduce them to us, or resell our work under your own brand.

Made for Amazon & Shopify agencies · E-commerce marketing agencies · Product photographers · Web & design studios

OPTION 1 · REFERRAL

Introduce a client. We do the work.

For partners who don't want to manage video projects.

10% of all payments from that client in their first 12 months

- The 12 months start from the client's first paid order
- Paid within 14 days after each client payment clears, with a monthly statement
- Clients are registered to you in writing within 24 hours of your email
- We handle the brief, production, delivery and billing
- Your client can start with one free test shot, which makes the introduction easy

EXAMPLE

A brand you introduce orders a product film, then three months of creative testing.

Product Film, 30 s	**$400**
Creative Testing Pack, $900 × 3 months	**$2,700**
Client pays AOOI in year one	**$3,100**
You earn	**$310**

OPTION 2 · WHITE-LABEL

Your brand, our production.

For partners who sell video as their own service.

$90 per shot (up to 8 s), or $800 for a 10-shot pack. You set your own price.

- Delivered with no AOOI branding; NDA on request. Strict confidentiality: we never show the work or mention our part in it without your consent
- Watermarked previews, final masters on payment
- Your first project can start with one free test shot
- You keep the client: mutual non-solicit, we work only with you and never contact your clients

EXAMPLE

Your client needs ten short ad shots for a campaign.

10-shot pack (up to 8 s per shot)	**$800**
You sell it at, for example	**$1,400**
Your margin	**$600**

Full films are quoted per project at partner rates.
